the construction industry.

TW23.109, 19.01.24

Handout for those completing the TWf “Effective management of scaffolding” eLearning Course

This list is an update (at 19th January 2024) of that provided in the TWf’s Guide, “Effective management of scaffolding to BS 5975: 2019” (TWf2020: 01, September 2020),

<https://www.twforum.org.uk/viewdocument/effective-management-of-scaffolding>

NOTE:

This training is provided ‘free to all’. You should never pay a fee for completing this course. See “TWf written guidance and eLearning packages copyright”.

TWf written guidance and eLearning packages copyright

The Temporary Works Forum (TWf) aims to provide authoritative guidance and thereby improve learning and shared knowledge across the wider construction industry. To this end, its written guidance is free to all, and its eLearning packages are offered free of charge to those who sign up via its website.

If used commercially, the free availability of TWf guidance and eLearning courses should be drawn to the attention of delegates in any advertising and documentation. Third party use should not be linked in any way to the TWf, or to any of its members, nor should it imply any form of endorsement or accreditation by TWf. Film footage may not be copied and used except by prior written agreement.

If used, the source should be acknowledged as follows:

“This course includes eLearning material and/or guidance which is available free of charge from the Temporary Works Forum (TWf). Copyright is owned by the Temporary Works Forum Ltd.”

Disclaimer

Although the Temporary Works Forum (TWf) does its best to ensure that any advice, recommendations or information it may give either in this publication or elsewhere is accurate, no liability or responsibility of any kind (including liability for negligence) howsoever and from whatsoever cause arising, is accepted in this respect by the Forum, its servants or agents.

Readers should note that the documents referenced in this document may be subject to revision from time to time and should therefore ensure that they are in possession of the latest version.
